OVER-PRODUCTION

May Ruin Certain Industries in
Central Europe.

LET AMERICANS TAKE WARNING.

Nearly Every German, French and Bel-
gian Town Has a Sort of a Retail
Shop at Which Inferior Wares
Made Locally for the People Are
Sold to the Retailers' Great Loss.

WASHINGTON, July 22.—Some of the
leading business firms of Luxembourg
have united in a circular letter ad-
dressed to all representative merchants
in that place calling attention to the
evil which threatens the country in con-
sequence of the competition and over-produc-
tion, resulting in the accumulation of great
stocks in warehouses and in the hands
of wholesale dealers.

Because this circular may point out
danger to the business of the future
of American manufacturers, the United
States Commercial Agent G. H. Murphy at
Luxembourg has transmitted extracts
from it to the departments of state for
publication in the consular reports. In
part the circular reads as follows:

"The great over-production in all
branches of industry, and the conse-
quent accumulation of stocks, the
threatening clouds arising from time to
time on the political horizon; the wide-
spread discontent arising from socialistic
agitation and the unfavorable news re-
ceived from other countries, all of which
would be the cause of the crisis now
prevailing in central Europe in all
branches of business. To these misfor-
tunes must be added the fact that the
large and expensive advertisements which
threaten complete ruin to the retail
business."

"As the locust threatens the fields so
all retail business is threatened by a
new sort of retail auction shop. In
nearly every town of Germany, France
and Belgium such shops have been
opened to the great injury of local trade.

Large and expensive advertisements which
threaten complete ruin to the retail
business."

VERY INFERIOR RACE.

Several Skeletons Unearthed in Ancient
Mounds Near Frankfort, O.

FRANKFORT, O., July 22.—W. K.
Moorehead, curator of the Ohio State
university museum, made some impor-
tant discoveries in the ancient mounds
near here during the past week. One
mound which he opened contained nine
skeletons buried two feet below the sur-
face in a layer of gravel. The bones are
those of short, heavy, muscular men.
The skulls are thick and rather round
and the facial angle is low. Several
skulls give evidence of artificial flattening
of the base during infancy. No
skeletons found in Ohio present a more
inferior type physically.

In other mounds which were opened
near Frankfort, O., were found a skull
of a man and a skull of a woman. The
bones are of a very inferior type.

SMOOTH DEFAULTER FROM IOWA

Who May Not Be Extradited Outing to
the Frontier Law of the Country Into
Which He Has Been—Under No Liability
to Take a Hand in a Hot Legal Case—
The News Brothers' Special Case.

CHICAGO, July 22.—Chester W. Rowe,
the defaulting cashier of Powersmith
company, is under arrest in the City of
Mexico, and a large part of the \$30,
000 which he made away with has been
traced by Powersmith's service and
will likely be returned to the company
from which it was taken. Richard
Rowe, a brother of the absconder, is
also under arrest as an accomplice.

It is somewhat doubtful, however,
whether either of the brothers can be
taken back to Iowa for trial. Request
papers were received by the state
department at Washington and for-
warded to Mexico as rapidly as possible,
and with these Detective Force applied
to the Mexican authorities for the arrest
of the brothers. They were locked up
when it was found that the brothers
detected found themselves blocked
under the Mexican law. A foreigner
may go there, renounce all allegiance
to the country from which he came, be-
come a Mexican citizen, and thus avoid
extradition. Rowe had the advantage
of this law, although he had only been
in the City of Mexico about three weeks.

As a result there is likely to be a hot
legal contest in which the United States
government will probably play a promi-
nent part.

VIRGINIA LEADS IN ONE THING.

Spending More Money Than Any Other

State in the Nation.

RICHMOND, July 22.—The expense in-
curred by the state through the service
of troops to keep down mobs and pre-
vent lynching during the past three
months has been heavier than ever be-
fore since the civil war. It is estimated
that the state has expended over \$400,000.
At this rate Virginia will have to pay
over \$1,000,000 a year to suppress
mob violence and lynchings.

The larger part of this expense was
incurred through the heavily armed
city police in Richmond, where a com-
mittee was in progress and the attend-
ance very large. The wind prostrated a
great many trees, one of which was
thrown on the auditorium, crushing it
and scattering the audience. The police
were killed by the mob. A baby in Mrs.
Wilson's lap was saved. A son of Mrs.
Wilson was seriously hurt. The tornado
was 100 yards wide and spent its force
on the grove.

WALKED IN.

Chief Haller Takes a Hand in a Poker Game.

The Bore Sold Them Were Playing "Poker"—Three Sunday Morning Games—Police Have.

About 11:30 o'clock yesterday morning chief of police Haller entered the Little Opera saloon on north Main street, unannounced, and very abruptly broke up a piquant and social card game which he claims was "poker."

The game was in progress in a small room adjoining the bar room in the rear of the building. The chief quietly entered the bar room from a side entrance and walking into the room occupied by the card players, quietly snatched the poker-chips on the table and the hands held by the players before his presence was discovered. He remarked:

"I guess I'll take a hand," and there were some surprised men, but seeing they were caught.

DEAD TO RIGHTS

they finished the draw and the winner pulled in the chips.

The chief then took charge of the cards and chips, which were afterwards taken to the police station.

Five men who were participating in the game gave their names as Chas. Stanton, H. D. Lamar, John Rogers, Lee Blair and Hugh Gilmore. The man who is supposed to have had charge of the game gave his name as D. A. Staples. J. W. Orr, proprietor of the place, promised to see that the six men named were before the mayor this morning at 9 o'clock, and some of them were locked up.

The young men claimed that the game was only a social game of freeze out, but when they were appeared before the mayor this morning they were requested to plead to charge of gambling at poker. Each man entered a plea of not guilty, and the case was set for a hearing at 9:30 o'clock to-morrow morning. It will probably be a jury trial.

The police have notified three saloon keepers to appear before the mayor upon the charge of selling drinks yesterday. Patrolman Furry reported John O'Connell, proprietor of the Bradford House on south Main street, and Furry and Wats reported Chris Geiger. The officers claim they walked into Geiger's saloon on the public square and found several men in the place and beer being served over the bar. They took charge of a glass of beer as evidence.

Pat Foley, proprietor of a saloon on north Main street, was the third victim.

Patrolman Furry arrested a stranger near the Ohio House yesterday morning. The man was fined \$10 and costs this morning for disorderly conduct.

SAW THE ASSAULT.

A Piqua Man Witnessed the One Upon Toss, Leipzig.

The following communication was received by the TIMES-DEMOCRAT from a resident of Piqua who formerly lived here and is well known in this city:

EDITOR TIMES-DEMOCRAT:—Being a reader of your valuable paper, and seeing several items about the arrest of Thos. Leipzig, the afternoon of the 4th of July, I wish to state what was seen by myself, several gentlemen and ladies.

We were on the west side of the public square, going south, when we noticed a commotion about fifty feet ahead of us, and saw two policemen have a hopelessly drunken man between them. The colored policeman being on the right side, or east side of the man, and both policemen having a tight grip on him, and as we stepped aside to leave them pass Leipzig said, as he turned his head toward the colored policeman, "you black rascal!" and the words no more than out of his mouth when he was struck on top of his head with the policeman's club. He bled quite profusely from the blow. We saw no assault made by Leipzig, and it seems to me it would be impossible, with a policeman holding on to each arm.

Piqua, O., July 19, 1895.

OIL AND GAS.

A VAN WERT WELL.

The indications at the Corathers well, three miles south of town, are very encouraging. Last night at the depth of thirty-two feet, in the street back rock, commonly known as "the sand," because in this rock the oil is found and nowhere else, there were sixty-five feet of oil. The tools stuck and the night was spent fishing them out. This was accomplished about daylight, when drilling was resumed. Those who are interested in the well have great expectations.—Van Wert Bulletin.

E. and their friends of this city, in their hall in the Wheeler block, one week from to-morrow. Rev. Robinson is a fine talker and a large audience is expected to hear him.

The John Van Sky, who was arrested Friday night and released Saturday morning, was not John Van Sky, the contractor, but a man living in the country.

Columbian centennial coins not heretofore circulated, have been found frequently in change of late. They are the 50 cent pieces of 1893, and the reason given for their appearance is that many coin collectors and others believed that immediately after the Columbian exposition they would have special value as rarities, and so hoarded them for a premium.

They were so held for the better part of the year, and their appreciation in value followed, and now they have been thrown upon the market and are freely circulated. They have a more attractive appearance than the regular 50 cent pieces, but this superior attractiveness has not, to any visible extent, mitigated the regret which collectors have had in parting with them.

BREAKERS AHEAD.

The Subject of an Interesting Sermon Last Night.

Rev. Henry Fox, of Canton, will preach to-night at St. Paul's A. M. E. church. Rev. Fox is an eloquent speaker. He delivered a very interesting sermon upon breakers ahead to a large and appreciative audience at that church last night.

The annual campmeeting under the auspices of St. Paul's church will open at the fair grounds next Friday evening. The congregations and pastors of the different churches are requested to attend. Admission free.

Bullet Marks in a Church Door.

An interesting discovery has been made at the Church of St. Mary, with St. Andrew, Tenthman, in Kent. The western door recently underwent renovation, and the removal of all superficial covering disclosed that the portal was of fine massive oak, which, on examination, was found to be scarred in several places with bullet marks. There are eight distinct punctures, in some of which the leaden bullets still remain embedded. It is supposed that they were fired into the door by some of Cromwell's soldiers when engaged in the spoliation and desecration of the Kentish churches.—London Letter.
